

I am very pleased with the roofing job that Green Point Roofing did on my house in Greeley. Sean was very helpful, he came out inspected the roof and then helped me with getting in touch with my insurance company. He was there to help me answer any of the questions that the insurance company asked me that I did not know how to answer. He made time to be at the house when the adjuster came and dealt with that. Living in California Sean kept in touch with me letting me know when they were going to get started and the progress of the roof. I would recommend Green Point Roofing to any one that needs to have their roof repaired or replaced.
